Imperial Russia 2020

When you think “vacation” you probably don't think Russia. Well maybe you should. As one of the largest countries on earth, Russia offers travelers bountiful opportunities to explore, experience and be astounded by its diverse culture and cuisine; its art and treasures of architecture, literature and music and its rich history once shrouded in secrecy and mystery.

For many, Russia conjures up dark, cold images of the old, inaccessible Soviet Union but today those images are shattered as Russia is fast becoming one of “the” destinations to visit just about any time of year. The people are very welcoming, friendly and proud of who they are and what their country has accomplished and has to offer. There are the awe inspiring cathedrals and palaces built centuries ago that have maintained their luster as fine examples of craftsmanship and glory. Many an artist, poet and musician have been inspired to create masterpieces that have stood the test of time and are loved and admired by many around the world such as the incomparable ballet, Swan Lake; the literary classic love story “Doctor Zhivago” just to name a few.

Whether you yearn to escape to a peaceful and breathtaking countryside retreat or want to live it in cities that rival the excitement and nightlife of New York; Russia will do nothing less than surprise astound and impress you at every turn.

This trip will be offered by the First 50 Club in conjunction with Collette Vacations in 2020. Watch this newsletter for the date and more details to come!
