ARE YOU FLYING IN 2025?

Just a reminder of some new travel requirements happening in 2025.

- ✓ TSA require legal names, date of birth and gender at time of reservation. The data **must match** the name on your valid, non-expired, government issued photo ID shown at the airport (including middle names, first or middle initials as documented).
 - **International Travel** requires a valid passport, travelers should have at least 6 months validity from their intended return date.
 - Effective for travel to the UK beginning on January 8, 2025, an ETA will be required for entry. Applications will be accepted online only and the cost is approximately 10 Euro, subject to change based on governing authority.
 - **Domestic Travel within the USA** - Starting May 7th, 2025, every state and territory resident will need to present a REAL ID-compliant license/ID or another acceptable form of identification (like a passport) for boarding commercial aircraft. Most states and territories have already begun issuing the new licenses, so you will have until May 7th, 2025 to obtain a REAL ID compliant license. So just check your license to be sure.
